1. Execution

Organiser:	Finnish Marine Industries Federation Finnboat
Place:	Helsingfors Segelklubb HSK ry, Vattuniemen puistotie 1, 00210 Helsinki (Lauttasaari), Finland
Time:	19.–22.8.2027
Opening hours for public:	Thursday – Saturday 11.00–19.00, Sunday 11.00–18.00

2. General Regulations

The Exhibitor undertakes to comply with these Terms of Participation and the instructions presented at the Exhibition venue or otherwise provided in addition to them.

If the Finnish Marine Industries Federation Finnboat (hereinafter the “Organiser”) is unable to organize the Exhibition during the above-mentioned period due to insurmountable obstacles, it reserves the right to cancel the Exhibition or postpone the date. Force majeure is an event beyond the control of the Organiser, which the Organiser could not reasonably have taken into account at the time of concluding the contract, and the consequences of which the Organiser could not reasonably have avoided or won. Force majeure includes e.g., a disruption of general energy production, a fire or other similar event preventing the use of the exhibition space, a natural disaster, a pandemic, an earthquake, war or insurrection. A strike, lockout, boycott, and other industrial action is considered force majeure even when the Organiser is the target or participant in it. Force majeure encountered by the Organiser's subcontractor shall also be considered as a ground for exemption.

3. Booking Costs and Other Exhibition Fees

Site rental for the street food operators is €1140.00. A space measuring 3 m x 7 m (=21 m2) will be reserved in the exhibition area for the sales pitch. The street food sales pitch entitles the operator to sell food and non-alcoholic beverages.

The placement cost for smaller service providers (e.g., ice-cream seller, coffee kiosk) is 320,00 €.

Sales pitch in Uiva Restaurant World (marquee) is € 2190.00. In addition to the pitch, the service provider undertakes to procure their own sales tent.

Sub-exhibitors are required to pay only the registration and media fee.

VAT at the applicable rate will be added to all site rental fees.

The Finnboat member discount on all site rental fees is 25 %. To qualify for the member discount, the membership fee for 2027 must have been paid.

Bringing exhibitors' own tents into the exhibition area is not allowed. All permanent structures must be approved by the Organiser in advance.

STAND SPACE PRICING AND DISCOUNTS	PERIOD 1 (1.11.26-17.1.27)	PERIOD 2 (18.1.-31.3.2027)	PERIOD 3 (1.4.-12.8.2027)
Registrations and media fee	140 €	200 €	220 €
Tent, standard 12m² (1 open side; width 3 m, depth 4 m)	470 €	490 €	520 €
Tent, corner 12m² (2-3 open sides; width 3 m, depth 4 m)	550 €	580 €	610 €
Tent, standard 20m² (1 open side; width 4 m, depth 5 m)	680 €	700 €	730 €
Tent, corner 20m² (2-3 open sides; width 4 m, depth 5 m)	720 €	740 €	770 €
Open land space 1-49m² (small boats, trailers, fixed constructions)	32 €/m²	35 €/m²	37 €/m²
Open land space 50-99m² (small boats, trailers, fixed constructions)	31,50 €/m²	32,50 €/m²	35,50 €/m²
Open land space 100-150m² (small boats, trailers, fixed constructions)	29 €/m²	32 €/m²	34 €/m²
Open land space yli 150m² (small boats, trailers, fixed constructions)	26 €/m²	29 €/m²	31 €/m²
Boat, moorings (boat measurements, L.O.A)	35 €/m²	37 €/m²	39 €/m²

CUSTOMER INVITATIONS	€10.00 / pc
	NB! There is no limit on the number of invitations (invoiced after the exhibition based on the number of customer invitations used)
Early Bird benefit for	Period 1 registrants: 20 customer invitations free of charge
customer invitations	Period 2 registrants: 10 customer invitations free of charge
EXHIBITOR PASSES, extra order	€14.00 / pc (For more information, see ch. 21. Exhibitor Passes and Customer Invitations)
PARKING PERMIT, vehicles	€20.00 / pc / 4 days (maximum order of 10 permits /company)
	exhibitors' parking place (vehicles)
trailers	€20.00 / pc / 4 days
	trailer parking

Exhibitor passes and parking permits must be ordered for the stand through the registration system by 31.7.2027. Exhibitor passes and parking permits will be invoiced after the event based on the order placed through the registration system and any additional order placed at the exhibition during the event, not according to the actual use.

BOAT DISCOUNT

- Boat No 2: 20 %
- Boat No. 3: 30 %
- Boat No. 4: 40 %
- Boat No. 5 and each subsequent boat: 50 %.

Boat No. 1 is always the largest, Boat No. 2 the second largest, and so on.

TENTS

The exhibition tents have a roof, rear walls and a closable front. Corner stands also have a closable end wall.

NB! Fire and Rescue Service requirements for tents:

- Tents intended for consumer use are not permitted.
- Tents must be secured with straps at all four corners.
  - Hooks must not be used! The straps must be locked in place, e.g., with shackles.
  - Cords and ropes are not acceptable.

The fabric used in the tent stands is made of flame-retardant material, and the tent stands are securely anchored to the ground by the tent supplier using concrete weights in accordance with the manufacturer's instructions. Exhibitors may not make any alterations to the tent structures or anchor or support any other structures against them.

In extreme weather conditions, use of the tents will be suspended. The Organiser will direct people away from the vicinity of the tents and, if necessary, out of the exhibition area via the nearest exit route

NB! There are **no** partition walls between individual stands in the tent rows. Partition walls must be ordered separately. The tents are supplied unfurnished.

ADDITIONAL ITEMS AND FURNITURE FOR EXHIBITION TENTS:

- **Plastic flooring and carpet set** €180.00 / **12m2** (€15 / m2)
- **Plastic flooring** €220.00 / **20m2** (€11 / m2)
- **Fascia board** €130.00 / pc
- **Partition wall** €240,00 / pc

A plastic flooring and carpet set, a fascia board and partition wall ***can be ordered separately*** for exhibition tents (12 m2). A plastic flooring and a fascia board ***can be ordered separately*** for exhibition tents (20 m2). If you book more than one tent, please order the required number of flooring and carpet sets and fascia boards.

Additional items for tents must be ordered through the registration system by 31.7.2027. All additional orders for tents will be delivered to the event and invoiced based on the order placed through the registration system and any additional orders placed at the exhibition office during the event. Please note that if you order more than one tent, the items must be ordered separately for each tent.

FURNITURE

Exhibitors may use their own wall profiles, furniture and other accessories on their exhibition stands. Alternatively, these can be ordered from the Organiser's partner, Salkapuu Oy.

Salkapuu Oy/Kai Karlsson

Tel. +358 400 853 182

kai.karlsson@salkapuu.fi

Orders must be placed by email no later than 31.7.2027.

ELECTRICITY

The price of electricity is determined by the connection type selected below

- **Electricity (1x6A)** €70,00 / 4 days

  (Select this option if electricity consumption at your stand will be low, mainly for charging mobile phones, tablets/iPads, laptops and/or payment terminals or similar devices.)

- **Electricity (3x16A)** €100,00 / 4 days

  (Select this option if, in addition to the devices listed above, your stand will have equipment such as a television, coffee/tea maker, refrigerator, freezer or another appliance requiring a continuous electricity supply)

- **Electricity (3x32A)** €145,00 / 4 days + a possible additional charge based on electricity consumption

  (Select this option if your stand will have coffee/tea machines, deep-fat fryers or other similar cooking equipment and/or several appliances requiring a continuous electricity supply.)

  This option is suitable for use as stand electricity, for example, by service providers and official authority vessels.

Electricity must be ordered for the stand through the registration system by 31.7.2027. Electricity will be invoiced based on the order placed through the registration system and any additional orders placed at the exhibition office during the event, not according to actual use. No additional charge based on electricity consumption will be applied.

4. Electrical Work, Open Fire and Smoking

The electrical contractor appointed by Helsingfors Segelklubb HSK ry is responsible for the electrical connections and electricity supply within the exhibition area. Exhibitors may not use their own electrical contractors, and making their own electrical connections within the area is strictly prohibited.

EXHIBITORS ARE STRICTLY PROHIBITED FROM MAKING THEIR OWN ELECTRICAL CONNECTIONS!

Under no circumstances may an exhibitor alter any electrical installations or cabling installed in the exhibition area by the electrical contractor. If an exhibitor makes, or allows a third party to make, any alterations to the installations, the Organiser may, at its discretion, instruct the exhibition's official electrical contractor to disconnect the electricity supply to the exhibitor concerned immediately.

The exhibitor is responsible for all misuse.

The use of portable generators to produce electricity at exhibition stands is prohibited. Electric or gas heating is not permitted at exhibition stands. Open flames are prohibited within the exhibition area. Smoking is not permitted within the exhibition area.

Electricity is not provided as standard on the temporary connecting pier. A limited electricity supply may be available within the capacity of the system, but electricity cannot be guaranteed for every boat.

Electricity for tent and outdoor stands will be installed by groups of stands. Consequently, each individual stand may not have its own electrical socket. Instead, a mobile power distribution unit similar to the one shown in the image below may be provided, from which each exhibitor must obtain electricity using their own extension lead.

NB! Only one socket has been allocated to each stand from the power distribution unit, unless the exhibitor has ordered additional sockets.

HUOM! Exhibitors in tent row M who selected electricity on the registration form will receive their electricity supply from the power pedestal at the end of the tent row. Remember to bring a shore power adaptor (CEE to Schuko).

5. Registration and Media Fee

The Exhibitors will not be charged separately for having their names and exhibited products mentioned in the exhibition catalogue printed by the Organiser; the fee is included in the registration- and media fee

1.11.2026–17.1.2027	€130,00
18.1.–31.3.2027	€190,00
From 1.4.2027 onwards	€210,00

6. Booking Exhibition Stands and Moorings

Exhibitors must register and book exhibition space using the registration form available at https://ilmoittaudu.finnboat.fi/.

Registrations or bookings for exhibition space will NOT be accepted by email, text message or telephone.

The official registration date is the date on which the exhibitor submits and saves their registration in the system at https://ilmoittaudu.finnboat.fi/.

A booking confirmed by the Organiser upon invoicing constitutes a binding agreement between both parties concerning the exhibition space and the site rental fee. By registering, the exhibitor agrees to comply with the exhibition's terms and conditions of participation.

The exhibitor may not, without the Organiser's written permission, sublet or otherwise transfer their stand or any part thereof. The Organiser reserves the right to reject any registration.

7. Sub-exhibitor

A sub-exhibitor may be, for example, a manufacturer's dealer, a partner of a company already registered for the exhibition, or another collaborating organisation. If you are unsure whether you qualify as a co-exhibitor or would like further information, please email uiva@finnboat.fi.

Sub-exhibitors pay only the registration and media fee. This includes one exhibitor pass and otherwise provides the same benefits as those available to main exhibitors, including visibility in the exhibition catalogue and the option to order an exhibitor parking permit and customer invitations.

8. Invoicing and Payment of Booking Costs

Exhibition spaces will be invoiced in full in advance. If the exhibitor has not paid the site rental fee by the due date, the Organiser is entitled to allocate the reserved space to another party without further notice

8.7.2027

Due date for the site rental of tents and open land spaces

15.7.2027

Due date for the site rental of moorings

9. Cancellation of Participation

Exhibition spaces will be invoiced in full in advance. If the exhibitor has not paid the site rental fee by the due date, the Organiser is entitled to allocate the reserved space to another party without further notice.

The exhibitor is entitled to cancel their participation in writing.

If the exhibition space booking is cancelled between **1.–31.5.2027**, the Organiser will charge **25 % of the fees payable by the exhibitor.**

If the exhibition space booking is cancelled between **1.–30.6.2027**, the Organiser will charge **50 % of the fees payable by the exhibitor**.

If the exhibition space booking is cancelled on or after **1.7.2027**, the Organiser will charge **all fees payable by the exhibitor in full**.

The registration and media fee must always be paid in full in accordance with ch. 5, Registration and Media Fee.

10. Non-cancellation of Participation

Failure to pay the site rental fee or failure to attend the exhibition does not constitute cancellation.

If the exhibitor has not exercised their right to cancel in writing as specified in ch. 9 of these Terms of Participation and fails to attend the exhibition, the Organiser will charge all fees payable by the exhibitor in full.

11. Exhibitors and Products

The exhibition is open to new products that are commercially available or made to order, as well as services intended for boaters.

The exhibition is open to manufacturers of boats and other marine industry products, their authorised representatives, and public authorities, organisations and publications operating within the sector.

Only products approved by the Organiser may be exhibited. Where necessary, the exhibitor must obtain written confirmation from the Organiser in advance that their products are suitable for exhibition before completing the registration form.

Products may not be removed from the stand during the exhibition.

NB! To ensure a balanced selection, the Uiva Restaurant World will accept only a limited number of service providers selling the same or similar products. However, no exclusive sales rights will be granted.

12. Show Boats

The boats exhibited must be new or in as-new condition if they have already been delivered to their first customer.

The exhibition boats must be clean and kept clean throughout the exhibition.

Each boat must have a display sign. Display signs must be kept on the boats, not on the piers. Exhibitors are responsible for attaching the display signs to their boats.

Exhibition boats may not be removed from their berths during the exhibition (except for boats at the Test Drive Pier).

13. Advertisements and Distribution of Brochures

The distribution of advertising leaflets, brochures, flyers and similar materials anywhere within the exhibition area other than at the company's own stand is strictly prohibited.

Large outdoor advertisements, roll-up banners, flags and pennants may be displayed at the exhibitor's own stand, but they must not be attached to permanent pier structures, tent structures or fabrics, or concrete weights.

Advertisements placed on the piers or boats must not obstruct movement along the piers or interfere with or obscure neighbouring stands.

The exhibitor is responsible for ensuring that any banners, roll-up banners and other outdoor advertising used at their exhibition stand are fire-safe and weatherproof and are properly secured.

The Organiser reserves the right to remove any advertisements or promotional materials it considers dangerous or disruptive.

14. Placement of Stands and Boats

Stand allocation will begin on 1.4.2027, and confirmations of allocated spaces will be sent during June.

When allocating spaces, the Organiser will take the exhibitor’s preferred location into account as far as possible, together with the size of the stand, the registration date, the exhibitor’s long-standing customer relationship with the Organiser, and the suitability of the stand and products for a particular part of the exhibition area.

Street food sales pitches will be allocated to service providers in order of arrival on a first come, first served basis. Smaller service providers, such as ice cream vendors and coffee kiosks, will be allocated spaces in the order of registration.

The Organiser will determine the final location of boats, stands and sales pitches.

If space is limited, the Organiser reserves the right to restrict the number and size of boats entered by an exhibitor, or the size of the exhibitor’s tent or outdoor stand.

15. Exhibiting, Set-up and Dismantling of Stands

The exhibitor is responsible for constructing their own stand. Stand locations are marked on the exhibition area map and within the exhibition area itself.

Boats must be moored only at the location corresponding to the stand number allocated by the Organiser.

The Organiser reserves the right to inspect the structures and require any necessary alterations.

The following instructions, as well as any additional instructions issued separately at a later date, must be observed when constructing and dismantling stands.

Wednesday 18.8.2027

- Construction of outdoor stands and the arrival of boats may begin at 9:00. The supervised reception of boats ends at 20:00.
- The arrival of boats at the marina of Helsingfors Segelklubb HSK ry before the specified time, or leaving boats at the marina after the specified time, must be agreed separately with HSK's Harbour Master.
- Where possible, use the public boat ramps near Lauttasaari and Hernesaari to launch boats and pier structures.
- When boats and pier structures are being lifted into or out of the harbour basin within the exhibition area, vehicles must remain at least 10 metres from the edge of the pier for safety reasons.
- **Yellow lines and the words 'NO PARKING' have been marked along the edge of Pier A. Do not stop or park within this marked area.**
- All boats with a total weight exceeding 600 kg must use mooring compensators on their mooring lines.
- A gangway should be used for motorboats moored stern-to along the breakwater section of Pier A.
- For safety reasons, attaching any structures to the piers is prohibited.
- Access along the piers must remain unobstructed, and the piers must be kept free of any obstacles that could impede the movement of people.
- Exhibitors may not attach any additional structures, objects, extensions or reception areas (aka hospitality decking) to the piers without providing prior written notification to the Organiser.
- Neither the permanent fixtures nor movable property at the exhibition venue may be damaged. The exhibitor is liable for all damage they cause to the piers or the surrounding environment.

Wednesday 18.8.2027

- ***Bringing exhibitors' own tents into the exhibition area is not permitted. Tents intended for consumer use are strictly prohibited.***
- ***All permanent structures must be approved by the Organiser in advance.***
- Each individual stand may not have its own electrical socket. Instead, a mobile power distribution unit may be provided (see page 12), from which each exhibitor must obtain electricity **using their own extension lead**. **NB!** Only one socket has been allocated to each stand from the power distribution unit, unless the exhibitor has ordered additional sockets.
- Only CE-marked extension leads and adaptors suitable for outdoor use may be used at exhibition stands. Each exhibitor is responsible for obtaining suitable extension leads and adaptors, ensuring that they comply with the applicable requirements, and protecting them appropriately against the weather. Each exhibitor must bring an extension lead of at least 10 metres that meets the above requirements for their own use.
- Transport and packing crates and materials must be removed from the exhibition stands at the end of the set-up day and every day before the exhibition opens to visitors. The Organiser may remove, dispose of or place in a waste container, at the exhibitor's expense, any materials left at exhibition stands or elsewhere within the exhibition area.

Thursday 19.8.2027

- **Stands must be ready by 10:00.**
- Boats must be moored at their piers no later than 10:00.
- Stand personnel must be present each day no later than 10:00.
    - Journalists/members of the press will be admitted to the exhibition before the public, from 10:00 onwards.

Sunday 22.8.2027

- **Dismantling of stands may begin after 18:00.**
  - **Boats** must be removed **by 12:00 on Monday, 23.8.2027**.
  - **Tents and open land spaces** must be dismantled **by 14:00 on Monday, 23.8.2027**.

ACCESS TO THE EXHIBITION AREA

- The exhibition area may be accessed from 08:00 each morning and must be vacated by 20:00.
- Vehicles may enter the exhibition area for loading and unloading purposes only before and after the exhibition's opening hours each day:
  - **Thur-Sat 19.–21.8.2027** before 10:30 and after 19:30
  - **Sun 22.8.2027** before 10.30 and after 18:30
- ***Vehicles must leave the exhibition area no later than 30 minutes before the exhibition opens.***
- Please follow the instructions given by traffic marshals and maintain a safe driving speed when moving around the area. Pay particular attention to small children. The speed limit within the exhibition area is 20 km/h.
  - **NB!** Be prepared to present your exhibitor pass to staff at the vehicle entrance when requested.

16. Transportation of Goods and Cleaning Up

The exhibitor is responsible for transporting their goods to and from the exhibition venue at their own expense. The Organiser is not responsible for receiving, unloading or storing goods, or for dispatching goods after the exhibition.

Helsingfors Segelklubb HSK ry is responsible for the daily general cleaning of the exhibition area and for emptying the waste bins.

Exhibitors must sort their waste, flatten cardboard boxes and use the waste and recycling bins provided within the exhibition area. Waste must not be left outside the bins. Exhibitors must notify the Organiser if any waste or recycling bins are full so that they can be emptied.

The exhibitor must tidy their exhibition stand before the exhibition opens and clean it after the exhibition closes. Each exhibitor is responsible for cleaning their own stand. A fee determined by Helsingfors Segelklubb HSK ry will be charged for the removal of any items or waste left at the stand.

17. Getting around in the Exhibition Area, Loading and Unloading of Goods

When entering the exhibition area, exhibitors must present their exhibitor pass at the entrance gate. The pass must be worn and clearly visible at all times while within the exhibition area. The exhibitor pass is valid only when it has been duly completed and includes a photograph.

Under no circumstances may an exhibitor pass be transferred or given to another person for use. Exhibitors must notify the Organiser immediately if an exhibitor pass is lost or stolen.

If suppliers, stand builders or other subcontractors do not have an exhibitor pass, the exhibitor must personally meet them at the exhibition entrance gate and/or ensure that they carry documentation, such as a consignment note or order list, stating the name of the exhibiting company, the stand number, and the name and telephone number of the contact person.

Under no circumstances may goods be delivered to the exhibition area or stand by vehicle during the exhibition's opening hours. During opening hours, any deliveries to exhibition stands must be carried by hand and brought into the area on foot.

Outside the exhibition's opening hours, invited guests must always carry a completed test-drive invitation form with them while within the exhibition area. The form must be presented at the entrance gate when arriving for a test drive and, upon request, to the security guards within the area. **All persons must leave the exhibition area no later than 22:00 on Thursday and Friday (19–20.8.2027), and no later than 20:00 on Saturday and Sunday (21–22.8.2027).**

18. Car Parking for Exhibitors

Parking areas for exhibitors are located in front of Sindbad Yacht Club, in the car park on the seaward side of Meripuistotie, and in the lower yard of Oy Maritim Ab at the end of Veneentekijäntie. The parking areas are intended for exhibitors' **CARS**.

The parking permit must be displayed prominently inside the vehicle, on the inside of the windscreen.

Access to the exhibitors' parking areas is permitted only upon presentation of the exhibition parking permit. Each company participating in the exhibition must order the required number of parking permits when registering. A limited number of parking permits are available.

The permits entitle the holder to park a car in the designated parking area. If the parking permit is not displayed correctly in the vehicle, the vehicle will be deemed to be parked without authorisation. In addition to the parking permit fee, a penalty fee determined by the Organiser will be charged for unauthorized parking.

PARKING AREA OPENING HOURS:

- Thur-Sat 10:00–20:00
- Sun 10:00–19:00

The parking areas are guarded during the exhibition's opening hours.

Example of a parking permit from 2026.

TRAILERS: A dedicated parking area has been reserved for trailers. The location of the trailer park will be specified later.

Trailers require a separate parking permit. The trailer parking permit costs €20.00 plus VAT at the applicable rate.

THE PARKING PERMIT IS TRAILER-SPECIFIC.

The parking permit must be securely attached to the trailer in a clearly visible location, e.g., on the trailer's mudguard.

Esimerkki pysäköintiluvasta vuodelta 2026.

19. Security, First Aid and Insurance

The Organiser is responsible for security and maintaining general order within the exhibition area but accepts no liability for any damage to or loss of boats, products, structures or other property.

Exhibitors must immediately notify the Organiser of any suspicious and/or potentially criminal activity, as well as any suspicious packages or the loss, theft or damage of any items or property.

Each exhibitor must ensure that their conduct does not endanger themselves or others and must take care of their own safety and that of others, particularly during the construction and dismantling of stands.

First aid services within the exhibition area will be provided by an external service provider during the exhibition. The first aid point is located in the information tent near the exhibition office, and a mobile foot patrol will circulate throughout the exhibition area.

Any personal injury or damage to equipment occurring within the exhibition area must be reported immediately to the Organiser at the exhibition office.

Call the emergency number 112 in an emergency, when urgent assistance from the authorities is required, or when you know or suspect that life, health, property or the environment is under threat or in danger.

The Organiser's public liability insurance covers damage caused to third parties by the actions of the Organiser's own personnel or by its equipment. The insurance does not cover any other loss or damage suffered by an exhibitor. Exhibitors are responsible for arranging any insurance cover they consider necessary.

20. Exhibition Safety

The exhibition has rescue and first aid plans suitable for an outdoor event, prepared in co-operation with the relevant authorities. The plans are available for inspection at the exhibition office.

The Organiser will ensure that the exhibition’s general entrances and exits are easily accessible and meet at least the requirements of the rescue plan. Exhibitors must keep the routes specified in the rescue plan clear in the vicinity of their own exhibition stands. The Organiser has the right to inspect the exhibition area and stands, require any alterations it considers necessary, and remove any obstacles it considers dangerous or disruptive.

During the exhibition, the Organiser will monitor weather conditions and any changes in them through observation and by following weather reports, forecasts and warnings. In the event of a severe storm or other extreme weather conditions, emergency procedures will be implemented if necessary.

In an exceptional situation or emergency, everyone within the exhibition area must comply with the requests, orders and instructions issued by the Organiser, stewards and other authorities. The Organiser is prepared to provide instructions using equipment including megaphones and the public address systems in the pier areas. In the event of an evacuation, the exhibition’s stewards and other personnel will direct the public away from danger using the nearest available exit routes.

The Organiser reserves the right, at its discretion, to close the exhibition area at any time during the exhibition’s opening hours in order to ensure safety.

PIERS AND BOATS

Access along the piers must remain unobstructed, and the piers must be kept free of any obstacles that could impede the movement of people. Strollers are not permitted on the piers. They must be left in the designated stroller parking area while visitors are on the piers.

Where necessary, stewards will limit the number of visitors permitted on the piers at any one time to ensure that the piers' load-bearing capacity is not exceeded.

Access to boats must be safe at all times. Exhibition visitors must be instructed on how to board boats safely and, where necessary, assisted when boarding. Exhibitors are responsible for the health and safety of all their visitors and personnel while they are on boats or in the surrounding pier area. Particular care must be taken where access to a boat is via a gangway.

Fire-fighting equipment must always be readily accessible on board the boats. In an emergency, exhibition boats may also be used as evacuation routes where necessary.

Without the Organiser's prior permission, exhibitors may not extend their exhibition stands by adding structures, extensions or reception areas to the piers, also known as hospitality decking, or place any heavy exhibition materials on them.

If an exhibitor has constructed a platform or raised viewing area around boats displayed on an outdoor stand, it must be stable and installed on a level surface. Any railings fitted to the platform or raised viewing area must be secured with particular care. Exhibitors are responsible for the safe use of any platforms, raised viewing areas and steps they provide. Exhibition visitors must be instructed on how to step onto the platform or raised viewing area safely and, where necessary, assisted in accessing it.

For safety reasons, individual movable ladders, step platforms and/or steps are prohibited.

LIFEJACKETS

Children visiting the exhibition area or participating in test drives may borrow lifejackets from the lifejacket tent, provided by Helsingfors Segelklubb HSK ry, for the duration of their visit. The location of the lifejacket tent is marked on the exhibition area map. The exhibitor must ensure that a sufficient number of lifejackets are available on board for adults participating in test drives and, where necessary, provide instructions on how to put them on correctly. All persons participating in a test drive must wear suitable personal lifejackets, regardless of the size of the boat.

Children are also advised to wear lifejackets while on or near the piers to make rescue or self-rescue easier in the event of falling into the water.

21. Exhibitor Passes and Customer Invitations

Once the site rental fee has been paid, the exhibitor will receive exhibitor passes for use during the event, entitling the exhibitor to free access to the exhibition area. Each pass is personal and may not be issued to anyone under the age of 16. The pass must be clearly displayed at all times while within the exhibition area. **The exhibitor pass is also valid on the exhibition's official set-up (18.8.2027) and dismantling days (23.8.2027).**

An exhibitor pass is valid only when it has been duly completed and bears a photograph. The Organiser and its appointed representatives (including stewards) will monitor the appropriate use of exhibitor passes within the exhibition area. The Organiser may confiscate a pass if it is found not to have been duly completed and/or is being used by a person who is not an exhibitor. ***An exhibitor pass without an appropriate photograph, name and stand details does not entitle the holder to enter the exhibition area.***

The Organiser may impose a fee determined separately by the Organiser or another corresponding penalty for any misuse identified.

The registration system automatically calculates the number of personnel passes included in the booking. Exhibitors should use the registration system to order only the additional personnel passes they require.

Replacement exhibitor passes collected from the exhibition office for lost or forgotten passes are subject to a charge.

An example of a correctly filled exhibitor pass.

An example of incorrectly filled exhibitor pass.

Exhibitor passes are issued as follows:

- **Moorings**
  - 1 boat = 2 passes
  - Each additional boat = 1 pass per boat
- **Tents and open land spaces**
  - Stand under 14 m2 = 2 cards
  - Stands of 15 - 24 m2 = 4 cards
  - Stands of 25 - 50 m2 = 6 cards
  - Stands over 50 m2 = 10 cards
- **Sub-exhibitor**
  - 1 card
- **Service provider**
  - 4 cards

Additional exhibitor passes ordered **over and above those included** in the registration will be charged at €14 each. VAT at the applicable rate will be added to the price.

CUSTOMER INVITATIONS

Exhibitors may order customer invitations in advance and during the exhibition at a price of €10.00 each. VAT at the applicable rate will be added to the price.

Customer invitations are ready to use as issued and may be forwarded, for example, by email. Exhibitors may also print the invitations they have ordered.

NB! Ensure that the print quality is sufficient for the invitation's QR code and verification number, as well as the name of the inviting exhibitor company, to be clearly visible, legible and readable by the scanning equipment.

Invitations printed by the Organiser are subject to a printing and delivery fee of €5.00 each. VAT at the applicable rate will be added to the price.

Only customer invitations that have been used will be invoiced after the exhibition.

22. Test Sailings and Test Drives

The exhibitor may not leave their pontoon berth during the exhibition's opening hours. Test sails and test drives using exhibition boats must take place outside the exhibition's opening hours.

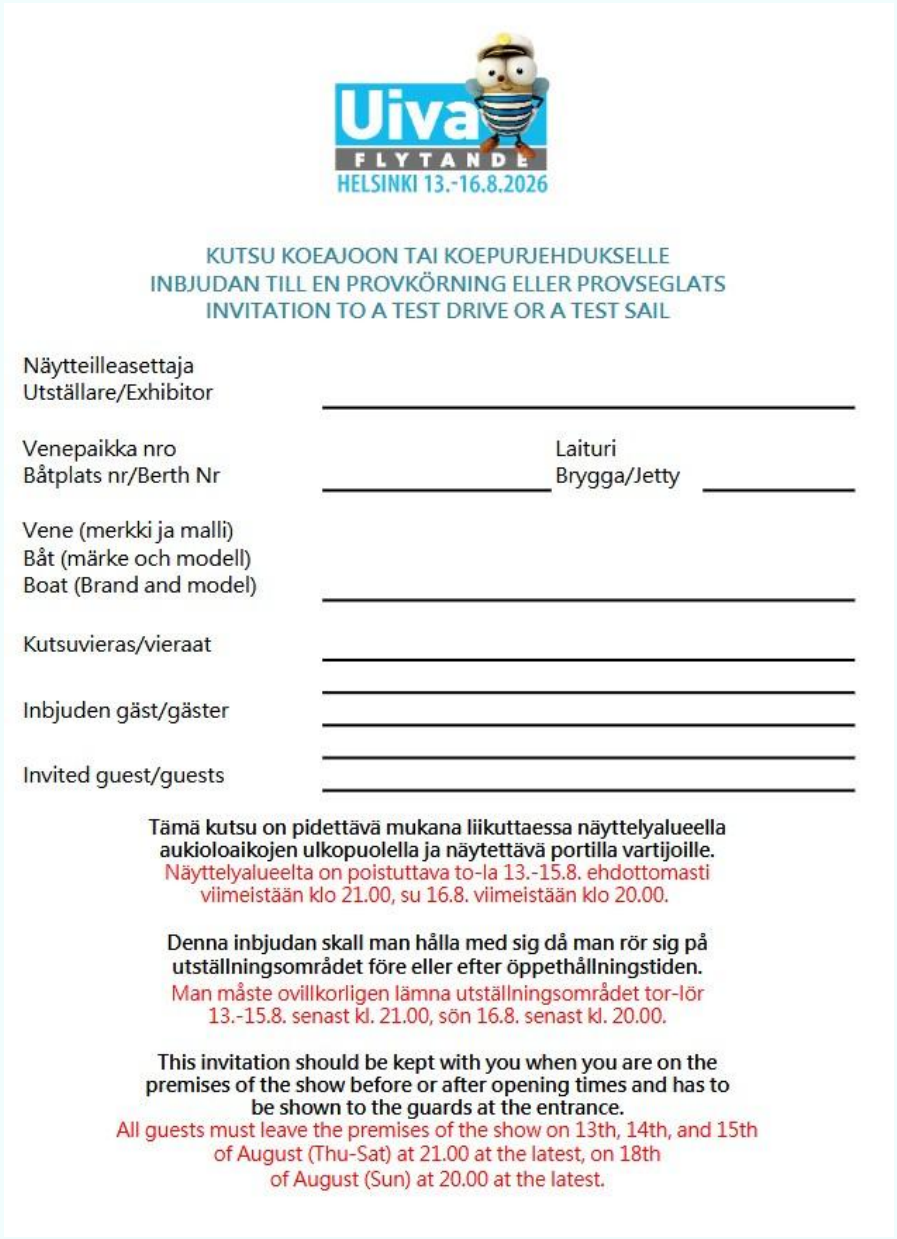

Guests invited for a test drive must carry a completed invitation form with them at all times while within the exhibition area outside the opening hours. The form must be presented at the entrance gate when arriving for a test drive. Each exhibitor must print the required number of invitation forms from the registration website.

NB! If invited guests remain within the exhibition area during the exhibition's opening hours after the test drive, they must purchase admission tickets or obtain the required number of customer invitations from the exhibitor.

During test drives, consideration must be given to other users of the waterways, including boats departing from and arriving at the pontoons and, in particular, the junior dinghy sailors in the Opti training groups of Helsingfors Segelklubb HSK ry using the harbour basin and nearby waters. Allow sufficient space for other test drivers and, where possible, avoid departing from the pontoon during the busiest periods.

The primary purpose of test drives is the controlled testing of boats. Speed limits and restrictions on creating wash must be strictly observed.

NB! For safety reasons, the waters north of the Uiva exhibition area, towards the Lauttasaari bridge, are reserved for test drives of boats under 7 metres in length. Test drives of larger boats must be directed southwards from the harbour.

An example of a test drive invitation from 2026.

23. Retail Sales

Retail sales of boating equipment are permitted at the exhibition.

24. Market Surveillance at the Show

The Finnish Transport and Communications Agency (Traficom) will conduct random spot checks at boat shows on boats, products and equipment displayed at the exhibition. Exhibitors must be prepared for a possible spot check by bringing the relevant documentation for their boats, products and equipment. When marketing or selling a boat, product or item of equipment falling within the scope of the Recreational Craft Directive 2013/53/EU, it must be accompanied by the documents and markings required under the Finnish Act on the Safety and Emission Requirements of Recreational Craft 1712/2015:

1. **A declaration of conformity** and the accompanying
2. **list of standards** in Finnish and Swedish
3. **The Owner's Manual** in Finnish and Swedish as well as
4. **CE marking**

If a boat on display does not bear CE marking, a notice to this effect must be displayed in a clearly visible position on the boat.

If an item of equipment on display does not bear CE marking, a notice to this effect must be displayed in a clearly visible position next to the equipment.

If any other products on display that fall within the scope of the Recreational Craft Directive do not comply with the requirements of the Directive, a notice to this effect must be displayed in a clearly visible position next to the product.

All the notice forms referred to above are available in the exhibitor database at https://ilmoittaudu.finnboat.fi/. Each exhibitor must print the required number of notice forms.

25. Special Terms for Service Providers

A service provider may, by separate agreement, enter the exhibition area on the exhibition set-up day (18.8.2027) to provide meals, at no additional charge, for the tent installers, stand builders and other service personnel working on site.

If you are interested, please contact the Organiser at uiva@finnboat.fi, so that the Organiser can provide advance information about the services and refreshments available on the set-up day.

The Uiva Restaurant World is located in an asphalted outdoor area without drainage. A water point and sanitary facilities are located in the immediate vicinity of the Restaurant World.

Food waste, fats or oils must not be poured into the sink, as they may block the pipework. Food waste must be removed from dishes before washing, and the container provided on site must be used for fats and oils. The public toilets must not be used.

Each representative of a service provider must assist in keeping the shared dining area of the Uiva Restaurant World clean and removing waste.

The service provider must provide a sufficient number of weights or other suitable means to ensure that their sales vehicle, kiosk and/or tent is safely secured in all conditions, including all weather conditions. Each service provider is liable, at their own expense, for any damage caused by inadequate securing.

Making an open flame without permission is prohibited. All service providers using open flames or gas appliances must have adequate first-aid fire-fighting equipment available, comprising at least a fire blanket and a 6 kg 27A 144BC portable fire extinguisher inspected within the past 12 months.

A maximum of 25 kg of LPG may be kept at each street food sales pitch. Spare cylinders may not be stored at the sales pitch. A maximum of 25 kg of LPG may be stored in a vehicle.

NB! Rescue Department's requirements for barbecue trailers:

- Gas hoses may be no longer than 120 cm.
- Only one gas cylinder is permitted, and it must be connected to the barbecue.
- Fire extinguishers must be inspected and certified annually. Stricter requirements apply to mobile barbecues.

MENU

Service providers participating in the exhibition must submit the menu they will use at the event in advance by email to uiva@finnboat.fi.

The menu must be submitted by 31.7.2027.

FOOD SAFETY CONTROL

Each service provider is responsible for obtaining the necessary sales permits and submitting any required registration or other notifications before the exhibition. Service providers must be prepared for possible spot checks by inspectors from the City of Helsinki Food Safety Unit by keeping all required documents and records readily available.
